Dear Ms Dit-Rawe

LVT Report – Ref: LVT/SC/007/120/02

I have now had an opportunity to consider the matters raised in your letter dated October 6, 2003 and the subsequent letter dated November 9, 2003. May I apologise for the delay in this response which has primarily been caused by my work schedule.

First, the decision of the LVT is contained in the reasoned document dated June 17, 2003. The summary you have referred to in your recent letter was produced by LEASE and not by the LVT. The LEASE summaries are maintained on their web-site and not on the Tribunal's web-site.

Secondly, as I stated in my letter dated September 12, 2003, the Tribunal may not reopen or to revisit their decision. It would not be appropriate for the Tribunal to produce a summary of their decision as this may well be regarded as providing additional reasons.

In order to deal with your complaint more fully however, I have exceptionally asked the Tribunal to consider whether there is any aspect of the proceedings which has not been dealt with in the reasons provided. The Tribunal do not consider this to be the case.

In the circumstances no supplementary or additional reasons will be issued.

Yours sincerely

**Mrs S McGrath
