Dear Ms Klosterkotter-Dit-Rawe

**Re: Your complaint about J Hathaway BSc MRICS and B Martin FRICS IRRV**

Thank you for your letter of 14 October 2005, the contents of which I note.

I have to say I am quite dismayed by your letter as it appears that you have not taken on board any of the information I clarified to you in my letter of 10 June 2005. I am enclosing a further copy of that letter for the avoidance of doubt over the remit of RICS Professional Regulation. I do not intend to repeat that letter but will leave you to read and digest that information.

I am further dismayed to learn that it took you ten weeks to inform me that I had not included a copy of Martin Russell Jones' (MRJ's) reply. I apologise if this oversight occurred, however, I am at a loss to understand that as you had my telephone contact details, why you did not simply pick up the telephone.

...but I am still NOT going to give it to you, because, basically: it does NOT exist, as we all got together and drafted the letter

I am including a copy of MRJ's reply. I would like to make it clear that I am only seeking comments on this letter. I will not entertain any correspondence that brings new matters into the frame. I am of the opinion that there is an insufficient weight of evidence to place this matter before an RICS disciplinary committee currently. Should you be unable to provide corroborative evidence of a breach of the Rules, I will have no option other than to close the matter.

I look forward to hearing from you.
