INDEX PRINT35

**More than one year after the start of the works, at the end of September 2005, works had not yet been completed in front of my windows**

**At that time, half the scaffolding was still in place at the back of Jefferson House**

By 9 October 2005, no action had been taken to complete the works in front of my windows

The area remained filthy and was used for storage

**This is the view I had outside of my windows  
in November 2005**

**In other words: the area in front of my  
windows was treated as a storage and  
rubbish dump**

**Usage of the area in front of my windows as  
a rubbish dump has continued to be the  
case in 2006**
